

# PRATHAM SHUKLA

Ghaziabad, Uttar Pradesh

+91-8187930650 [shuklapratham28@gmail.com](mailto:shuklapratham28@gmail.com) [LinkedIn](#) [GitHub](#) [LeetCode](#) [Portfolio](#)

## EDUCATION

**Ajay Kumar Garg Engineering College**

*Bachelor of Technology - Information Technology SGPA: 8.86*

**Ghaziabad, IN**

*2023 – 2027*

## EXPERIENCE

**Mobulous Technologies Pvt. Ltd.**

*Software Developer Intern*

**Noida, IN**

*May 2026 – Present*

- Designed and executed comprehensive regression test suites across multiple application modules to improve software quality and release stability.
- Performed cross-browser and cross-device compatibility testing to ensure a consistent and responsive user experience across different environments.
- Collaborated with senior engineers to identify, document, triage, and resolve production issues, contributing to overall application reliability and maintainability.

**Tech Mahindra**

*Frontend Web Developer Intern*

**Noida NSEZ, IN**

*Aug 2025 – Oct 2025*

- Collaborated with cross-functional teams to design and develop reusable UI components, including toggle switches and file uploaders, using modern frontend frameworks to improve code reusability and project consistency.
- Built modular and scalable frontend components following industry best practices, enhancing maintainability and development efficiency.
- Conducted component-level testing to ensure UI reliability, responsiveness, and cross-browser compatibility across multiple devices and browsers.
- Contributed to UI/UX enhancements in **Bodh AI** by implementing design and functionality improvements that enhanced the overall user experience.

## TECHNICAL SKILLS

**Languages:** JavaScript (ES6+), TypeScript, Python, Java, C, C++, HTML5, CSS3

**Frontend:** React.js, Next.js, Redux Toolkit, Tailwind CSS, Framer Motion, Socket.io (Client)

**Backend & DB:** Node.js, Express.js, RESTful APIs, JWT Authentication, MongoDB, Mongoose, Firebase

**Cloud & DevOps:** AWS EC2, AWS S3, Docker, Nginx, PM2, Git & GitHub, Postman, VS Code

**AI & ML:** Generative AI, Prompt Engineering, LLM Integration, PyTorch, scikit-learn, OpenCV

**Key Concepts:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, System Design Basics, Authentication & Authorization, Git Workflow

## SOFTWARE PROJECTS

**DevBridge** | [React](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Socket.io](#), [AWS EC2](#), [Razorpay](#)

[Link](#)

- Built and deployed a full-stack developer networking platform on **AWS EC2** featuring real-time social feeds and live messaging powered by **Socket.io**.
- Developed a secure **JWT**-authenticated backend with RESTful APIs, role-based access control, and scalable user management.
- Integrated the **Razorpay Payment Gateway** to enable secure premium subscription payments and implemented **AWS S3**-based resume and profile image uploads.

**Synq** | [React](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Socket.io](#), [Monaco Editor](#), [Generative AI](#), [AWS EC2](#)

[Link](#)

- Architected a full-stack collaborative code editor with a modular, service-layer backend (**Node.js**, **Express**, **MongoDB**) featuring **JWT**-based auth, role-based access control, and nested file-tree CRUD with version snapshotting.
- Implemented real-time collaborative editing using **Socket.io** and a **Monaco**-based code editor, enabling live cursors, presence indicators, and multi-user synchronization across project files.
- Integrated a **Generative AI**-powered assistant panel (code explanation, refactoring, bug detection, test/doc generation) and deployed the application on **AWS EC2** with Nginx reverse proxy and PM2 process management.

**AABHAAR Jharkhand** | [React](#), [Tailwind CSS](#)

[Link](#)

- Built a fully responsive tourism platform for Jharkhand's eco-tourism sector, optimized for performance across multiple device breakpoints.
- Designed a reusable React/Tailwind component library, reducing new-page build time for the team.
- Optimized rendering and asset loading for faster page loads across devices.

## ACHIEVEMENTS & CERTIFICATIONS

- Solved **250+ Data Structures & Algorithms problems** on LeetCode, strengthening problem-solving and coding efficiency.
- Certified JavaScript Developer** — Completed advanced JavaScript certification from NamasteDev.com.
