EXPERIENCE

Mobulous Technologies Pvt. Ltd.

Noida, IN

Software Developer Intern

May 2026 – Present

- Reduced post-release defect rate by **30%** by designing and executing a regression test suite across **10** modules, raising release confidence each sprint.
- Cut reported UI bugs post-deployment by systematically validating cross-browser and cross-device compatibility across multiple environments.
- Accelerated bug-fix turnaround time by **10%** by triaging, documenting, and resolving defects in direct collaboration with senior engineers across the production codebase.

Tech Mahindra

Noida NSEZ, IN

Frontend Web Developer Intern

Aug 2025 – Oct 2025

- Cut new-component build time by **40%** by designing a reusable UI component library (toggle switches, file uploaders) adopted by the frontend team.
- Caught **20%** of UI regressions pre-QA handoff by implementing component-level test coverage.
- Lifted task-completion rate by **8%** on **Bodh AI** by redesigning core UX flows based on usability feedback.
